Thanks Leslie- I haven't heard back from the program, they may still be in Sacto or headed back but they didn't call for legal consultation (it was technical folks only). But your comments and the working draft of the Qs/As was very helpful and I discussed both with the program on a call Friday in preparation for today's meeting. This will certainly not be the last meeting we have with the state regarding the form and substance of AE requests.

I'd love to try to revisit the idea of an AE approval/SOB template as well, as things move forward.

Thanks, and hope you had a fun Halloween,
Alexa

Hi Alexa – just thought I'd check in and see how the meeting with CA went. It was today, right? Also, wanted to check in to see if you have any questions on the comments I sent and the capture zone Qs and As.
